Attention is drawn to the fact that the figures for the quarter ended 31st March 2017 and corresponding quarter ended in the previous year as reported in the statement are balancing figures between audited figures in respect of the full financial year. Also the figures upto the end of the third quarter had only been reviewed and not subject to audit.
- 2. These consolidated financial results which are the responsibility of the company's management and approved by the Board of Directors, have been prepared on the basis of the related financial statements of the Group which is in accordance with Accounting Standards specified under Section 133 of the Companies Act, 2013 ("the Act") read with relevant rules issued thereunder, as applicable and other accounting principles generally accepted in India.
- 3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. The procedures selected depend on the Auditor's judgement, including the assessment of the risk of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of financial statement, that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's management and Board of Directors, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our qualified opinion.
- 4. We state that "From 1st July, 2016 company has not provided for interest and other dues of ₹ 29,917,920/- on borrowings from a bank which have become NPA account as per bank classification and are outstanding at the year end and in respect of which interest has been reversed/not charged in statements provided by the Bank.
