CORPORATE PROFILE

CHAIRMAN'S MESSAGE

Thank you for choosing Paramount Cables as your trusted Wires & Cables partner.

It has been an incredible journey that started with a simple dream of providing world-class and cost-effective products to feed the growing Indian market.

Our founder, Late Mr. Shyam Sundar Aggarwal established Paramount Cables as a small firm in 1955 with a manufacturing setup of one machine and a handful of employees.

Today, more than 60 years later, we have grown into an industry leader with a group turnover of more than ₹1000 CR with a complete range of cables including House Wiring, CATV Cables, Optical Fibre cables for Telecom & Defence, High Voltage & Low Voltage Power Cables, Control & Instrumentation Cables etc, with almost all the esteemed customers and approvals in India, and exports to more than 50 countries. Paramount has always laid great emphasis on manufacturing excellence, technological advancement and customer satisfaction. We believe that the relationship built with our customers is our biggest asset and is our motivation to keep providing them with the best-in-class products.

THE COMPANY

Paramount Communications Ltd, part of the Paramount group of companies, is one of India's leading wire & cable manufacturing companies.

Over six decades of operations, the group has widened its portfolio, building on a prestigious clientele that includes government, institutional and major private sector organizations, both national and international.

Focused on manufacturing excellence, technological advancement and customer satisfaction Paramount envisions pioneering the wire and cable industry in India. The company believes in empowering success stories across industries by meeting global benchmarks and providing quality focused solutions.

With a mission of continued success, Paramount Cables aims at emerging as a progressive company, catalyzing growth and reshaping horizons.

PRODUCTS

Our extensive range of electrical wires and cables caters to a plethora of diversified industries.

All our products are manufactured using the latest technology with world-class materials under strict quality control throughout the production. We assure compliance with all local and international standards.

Our vast range of products includes the following :

POWER

- ▶ LT & HT Power
- ▶ LT & HT Aerial Bunch Cables
- ▶ Control Cables
- ▶ Instrumentation Cables

TELECOM

- ▶ OFC & FTTH
- ▶ Jelly Filled Cables
- ▶ PLB HDPE Duct
- ▶ Flexible Fiber Inner Duct

DOMESTIC

- ▶ Building Wire
- ▶ Submersible Cables
- ▶ Multi-core Cables
- ▶ Solar Cables

RAILWAYS

- ▶ Signalling Cables
- ▶ Quad Cables
- ▶ Railway Power
- ▶ Axle Counter Cables

SPECIAL PRODUCTS

- ▶ PTFE & Thermocouple Cables
- ▶ HDPE Pipes
- ▶ Fire Survival Cables

EPC SERVICES

- ▶ Telecom Consultancy
- ▶ Turn Key Projects
- ▶ OPGW Projects
- ▶ Perimeter/ Pipeline Intrusion Detection System
